📍 Indonesia - Lovina

Get involved in renovating local village schools, community centres, children's playgrounds, public libraries and more.

The Building and Renovation project supports villages around Lovina and Singaraja by building and renovating community centres. There are always ongoing community projects that could use a couple of hands. The projects include renovating libraries, playgrounds, local schools and anything that might need a helping hand at the time!

(4) Bring a padlock

Program Description

Through participating in this social project, you will make a difference to the local community by supporting local families and children, and providing them with better living conditions. You will work alongside a local coordinator who provides guidance and training alongside local families and other participants. The project involves hard physical and manual labour, as you will be laying bricks, doing carpentry, painting, laying tiles, and landscaping/gardening. The other side of this project involves a more artistic and relaxed environment, where participants are in charge of renovating and creating drawings and painting in several kindergartens as well as primary schools around Lovina. This activity is fun, and we support initiative and creativeness during the process.

Program Duration & Availability

Min duration (weeks): 1

Aims & Objectives

Our objective is to make a difference in the local Lovina community by supporting local families and children by improving their living conditions.

Schedule

Monday to Friday

Every morning after having breakfast, you will plan the project you will be engaged in, with the coordinator. After the discussions, you will have lunch and then set out to the community location to do work related to construction and renovation. You will be working at the location till the evening where you would get exposed to the locals in the area as well as other participants in the project.

This schedule can be changed and/or amended depending on weather conditions, local conditions and unforeseen circumstances.
