(3) At an additional fee

## Program Description

---

Support will be given to kindergarten project in Udaipur for local children of about 4 to 5 years old who are right at the start of their school careers.

You will be teaching at a local school wherein Hindi is mainly taught to children who come from mostly lower middle income families. This school tries to provide the best possible education to the children of tuk-tuk (autorickshaw) drivers, house and office maids, unskilled labourers and also encompassing the children of every day Rajasthani Indian with average facilities. The teachers of the school are capable of translating Basic English. We need your support to teach the young children English.

They will all be excited to see you and exceptionally welcoming, due partly to the natural and genuine friendliness of all Rajasthanis, especially children, but also the fact that you will be one of the few westerners they have met!

The kindergarten is informal, same as kindergartens worldwide, and the children will want to play with you more than be 'taught' in a formal sense. Your help and assistance will help the kids grow in their confidence and learn better English which will help them in many ways in the future.

The school functions from 08:30 to 12:30.

- The project will be more interesting if you are creative
- You should adapt with the school administration, teachers & children while you are with them. You are part of a school that is culturally different from other developing systems.
- You should be organized and daily program will be planned with the aid of the teaching handbooks & coordinator inputs.
- You should be an active person and should be willing to research their lesson planning. Lesson Planning Guides will be available.
- You should be able to interact, communicate with children and teachers of the school, work as a Team and be cooperative with local coordinator or other participants. Able to adjust to facilities available at the local community school.
- Your appearance should be presentable at the project. You should be able to gauge the capacity of different students.
- Should you find any difficulty kindly consult our Coordinators

## Program Duration & Availability

---

**Min duration (weeks):** 1

## Aims & Objectives

---

The aims & objectives is to help the kids grow in their confidence and learn better English which will help them in many ways in the future and also to provide a global platform for the students of Udaipur by interacting in English and to share the best practices in education system.

## Schedule

---

### Monday to Friday

You will leave the center between 08:15 and 08:30 in the morning. Expect to teach for 4 hours. Lunch will be served at our center at 1 pm and you will leave the school each day at around 12:30 noon. After your lunch you can choose to relax at our center.

**This schedule can be changed and/or amended depending on weather conditions, local conditions and unforeseen circumstances.**
